# Illustrative Examples

## Illustration 1

Insured can opt for any of the Critical Illness bucket as per plans available at inception. The SI payable will be independent for each bucket if more than one bucket is selected.

e.g. At policy inception if **Mr. Ramesh** opts for all buckets-**Cancer and blood disorders, Heart and Blood Vessel, Major Organs, Nervous System, Other Illness** he can intimate a claim under all these buckets independently/simultaneously.

Incase **Mr. Ramesh** is diagnosed with Stroke resulting in permanent symptoms (**Nervous System -Major**) in 5th month, if the claim is payable as per policy Terms and Conditions we will pay **100% of SI allocated for Nervous System bucket.**

The Nervous System bucket will be exhausted and no renewal of this bucket will be allowed to the customer.

In the 7th month **Mr. Ramesh** is diagnosed with Pulmonary embolism (**Heart and Blood Vessel -Minor**) he can claim for **25% of SI from Heart and Blood Vessel bucket.**

Incase **Mr. Ramesh** consequently suffers from a Myocardial Infarction (**Heart and Blood Vessel -Major**) we will pay balance **75%** (**since we have already paid minor claim of 25% under this bucket**) once this claim has been paid the Heart and Blood Vessel bucket will be exhausted and no subsequent renewal will be done for this bucket

# Illustrative Examples

## Illustration 2

**Mr. Suresh** a 33yr old has opted for plan which has Heart and Blood Vessel bucket for 1 year Policy Tenure and 3lac SI for a base premium of 270/- .

After the waiting period of the policy is over **Mr. Suresh** is diagnosed with Other Serious Coronary Artery Diseases in the 5th month. He is eligible to claim for **25% SI which is 75000/-**.

Now only **75% of the SI** is remaining in Heart and Blood Vessel bucket.

At the time of renewal, we will be collecting the premium as per the original 100% of SI however our liability will be only towards the balance Sum Insured which is **75% of SI (in this example 225000)**.

## Illustration 3

**Mr. Ganesh** a 40yr old male has opted for plan which has 'Cancer and blood disorders' bucket and add on 'Cancer Restore Benefit' for 1 year tenure for 5lac SI with base premium as 970/- & 340/- for 'Cancer and blood disorders Bucket' and 'Cancer Restore Cover' respectively.

After the initial waiting period **Mr. Ganesh** is diagnosed with **Major Cancer (Cancer of Specified severity)**, after evaluation of required documents we pay the major claim with **100% payout of 5 lac sum insured**.

Since the customer has opted for cancer restore benefit he will be eligible to claim under this benefit provided the customer renews this policy subject to having received the premium for the 'Cancer and blood disorders' bucket under benefit 1 and cancer restore benefit as per the original Sum Insured and age at the time of renewal.

**Mr. Ganesh** is diagnosed with Cancer relapse after the 3 years waiting period he will be eligible to claim for 'Cancer Restore' Benefit.

All the above illustrations are for reference purpose only and are not indicative of the actual premium.
